

European Entrepreneurship Education NETWORK

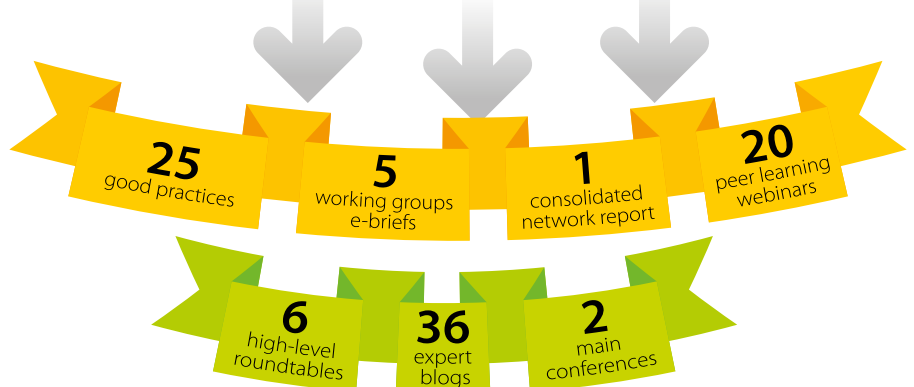

Dedicated to moving entrepreneurship education forward in Europe

A pan-European body to support entrepreneurship education, EE-HUB brings together experts who have connections with many organisations, networks and governments. EE-HUB will extend and deepen the cooperation on entrepreneurship education through focused exchange between experts and constant dialogue with stakeholders.

Key Workstreams

Main Outcomes

“ The establishment of the European Entrepreneurship Education NETWORK is a further milestone towards a more entrepreneurial Europe. I am confident that this new network hub will help to inspire a change in mindsets, facilitating our readiness for the knowledge society and creating an environment where new ideas can prosper. ”

Joanna Drake,
 Director for Entrepreneurship & SMEs, DG Internal Market, Industry, Entrepreneurship and SMEs
