

About the EE-HUB

The **European Entrepreneurship Education NETWORK (EE-HUB)** is a focal point for entrepreneurship education in Europe bringing together organizations and individuals from both the public and private sectors with strong records of accomplishment in entrepreneurship education at regional, national and European level. The EE-HUB is designed as the space where these stakeholders can work collectively to increase levels of entrepreneurial activities in schools across Europe. Entrepreneurship at a Glance 2015

[Download the full report here](#)

The OECD published 'Entrepreneurship at a Glance 2015' presenting key developments on entrepreneurship in 36 countries. In addition to various statistics on entrepreneurship cycles, the report includes specific chapters presenting the profile of entrepreneurs, self-employment among the youth as well as entrepreneurial perceptions and attitudes.

'Promoting Youth Entrepreneurship through Education and Training' Report

[Download the full report here](#)

Approved on September 8th, the report is calling for the education systems to include entrepreneurship as a topic in the national education curricula at all levels and is inviting the EC to support and coordinate this process through the ERASMUS+ Programme. MEP Ambassador Michaela Sojdrova is the driving force behind the initiative.
